

**AGENDA ITEM
FEBRUARY 5, 2013**

Subject: Commercial grade spray vehicle

Department: Parks and Recreation

Bids were solicited for the purchase of a commercial grade spray vehicle to be used at the Twin Lakes Sports Complex. The sprayer will replace an old sprayer that is used only on the golf course and is in need of repairs. New parts for the old sprayer are no longer available so any repairs made would be using salvaged parts with no warranty. The new sprayer will be used on the golf course as well as to maintain the ball fields at Twin Lakes Sports Complex.

Bids were solicited from Swihart Spray Innovations, Kansas Golf and Turf, and Professional Turf Products. Two bids were received from Kansas Golf and Turf and Professional Turf Products. The results were as follows:

Kansas Golf and Turf	\$21,591
Professional Turf Products	\$25448.69

The lowest bid was received from Kansas Golf and Turf. This sprayer is an approved budget line item: Parks Construction 450-5-9100-434.
